

8 Player Double Elimination Flow Chart

Chart # _____ Division _____

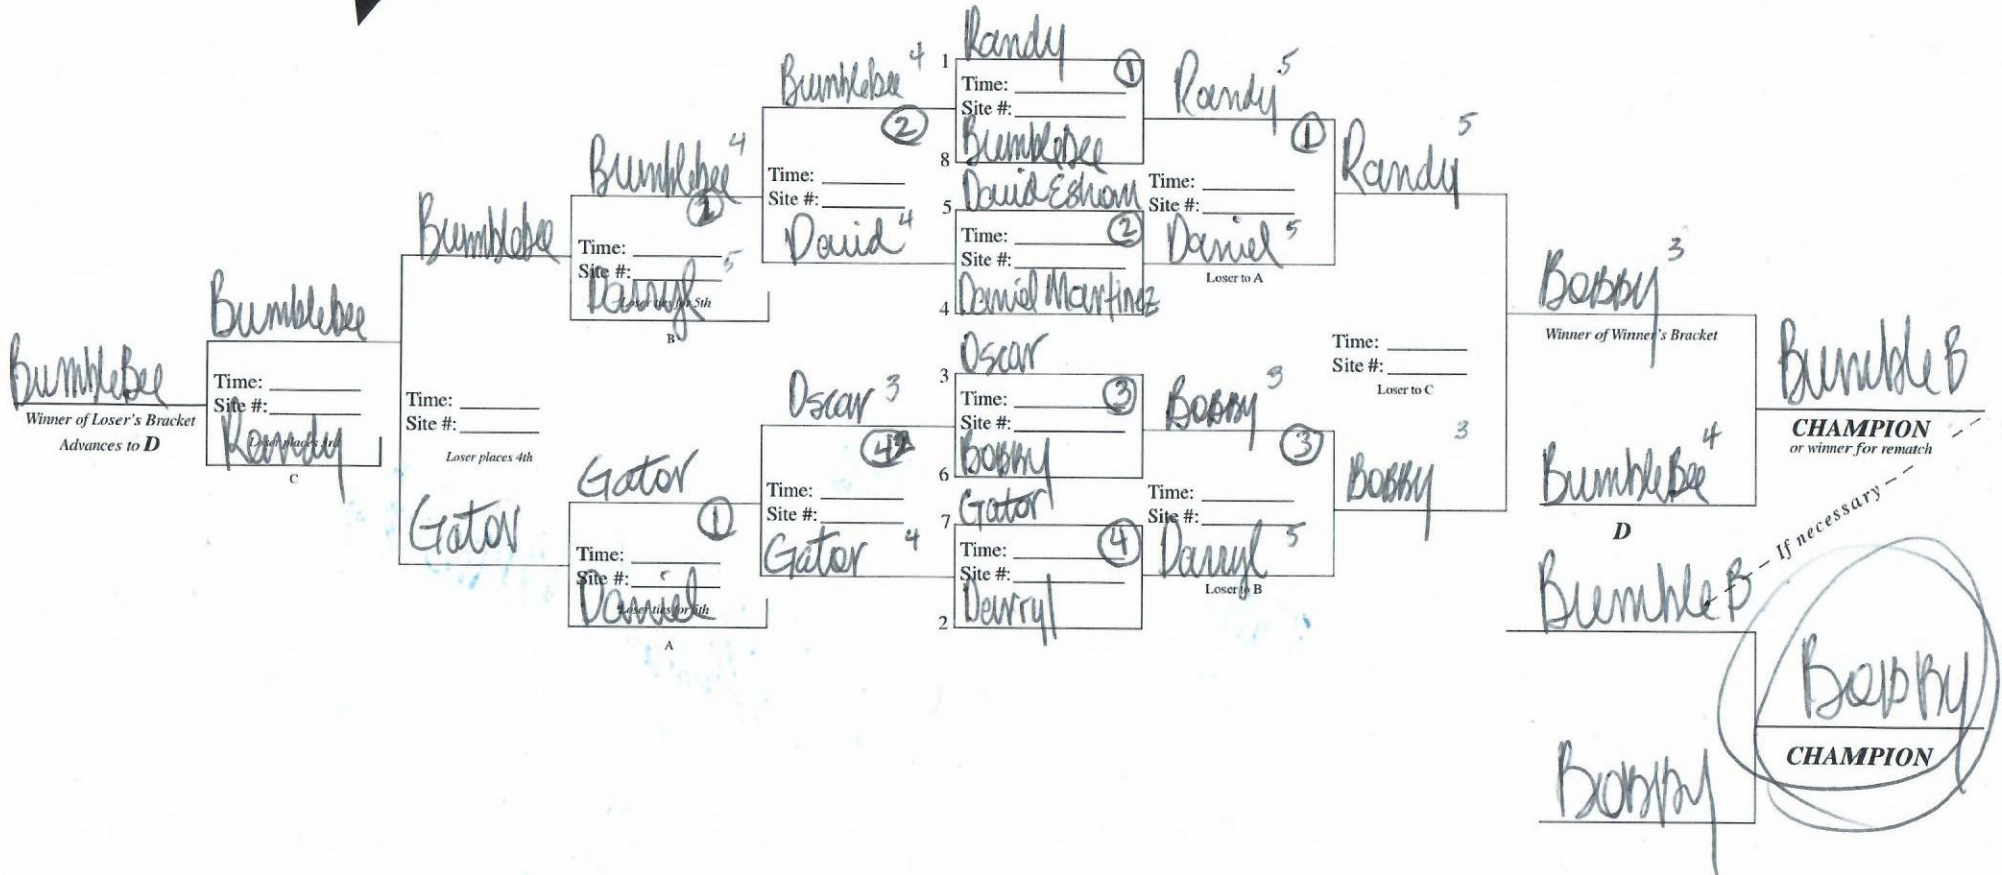

Loser's Bracket

You must lose two matches before being eliminated from the Tournament

Winner's Bracket

9/21/25
TopGun

8 players
60% 1st 96
40% 2nd 64
#160

1 When your entries are completed, randomly pick an entrant and put beside 1. The next goes beside 2, etc. When you have placed all entrants, fill the blank lines with Byes.

2 Byes are to be treated as any other entrant for purposes of the chart - except they lose every match. It is possible for Bye to play Bye, in which case Bye moves out one more space.

3 Play out the chart, following the coded matches, until you have reached both extremes.

4 Winners of both sides play for the championship. Winner of the Loser's Bracket must defeat Winner of Winner's Bracket in two consecutive matches to win - a loss in either match by the Winner of the Loser's Bracket places them in 2nd place.
